

## **Camper locates 2 acres in Washington for Client**

*June 2011 Peoria, Illinois*

As a Buyer's Agent, Tom Camper canvassed Washington, Illinois to find a location to fit his client's needs. "My client was open to leasing or buying an existing building, but they had very specific requirements. There just wasn't anything available on the primary roads where they wanted to be located."

However, Camper was aware of land on the corner of Cruger Road and Cummings Land that was available. Two acres were divided off the parcel called Moehl Manor and sold in July 2011. Currently farm land, the property is slated to be developed into a medical facility.
